

## Performance Polos

**WINNER:**  
**COLOR-BLOCKED WICKING  
POLO (3810)**

Supplier: Charles River Apparel  
(asi/44620)

Banish unattractive sweat stains with Charles River Apparel's Men's Color-Blocked Wicking Polo. The 100% polyester pique knit fabric with TopShield wicks moisture away from the body and its antimicrobial properties crack down on odor-causing bacteria. "TopShield isn't a treatment applied to the fabric; its wicking properties are built directly into the fiber's structure," says Vanessa Keefe, director of marketing at Charles River Apparel. This wrinkle-resistant polo is sporty and casual enough for everyday wear. End-users can wear it alone in warm climates or as a layering piece during cold weather activities. RSN #158

**FINALIST:**  
**DRI-FAST  
SOLID MESH  
POLO SHIRT  
(CH100)**

Supplier: Broder  
(asi/42090)  
RSN #150

**FINALIST:**  
**MESH POLO  
SHIRT (7407)**

Supplier:  
Dunbrooke  
(asi/50930)  
RSN #159

## Recycled or Repurposed Apparel & Accessories

**WINNER:**  
**LIGHTWEIGHT AND LAYERABLE  
GUIDE JACKET (11397)**

Supplier: Patagonia (asi/76442)

Whether climbing the corporate ladder or climbing vertical rock, this is the go-to jacket for the season. The fabric is 47% recycled through Patagonia's Common Threads Recycling Program. The company's goal is for all of its gear to be recycled, recyclable, organic (cotton) or chlorine-free (wool and hemp) by the year 2010. "The Guide Jacket was conceived as our most versatile, weather- and tear-proof, stretchiest soft-shell. It was designed to be used for rock climbing, ice climbing, and ski touring," says Tanya Faw, corporate sales manager at Patagonia. It can be paired with khakis and dress shoes for a sporty, business casual look. RSN #160

**FINALIST:**  
**FLEECE  
VEST (F121)**

Supplier: San-Mar  
(asi/84863)  
RSN #133
